

I Will Survive

I will survive;  
So I can see the world in the eyes of a conqueror  
And teach those about faith,  
I will survive...

I will survive;  
So I can personally thank the thousands standing by me  
And return their prayers when they are in need,  
I will survive...

I will survive;  
Because loved ones need me and my family needs my guidance  
For now I can show them the way,  
I will survive...

I will survive;  
Because my heart tells me to  
And I CAN,  
I will survive...

I will survive;  
Because the world needs my strong will, positive energy,  
angelic heart, beautiful smile, values, ethics and mind,  
I will survive...

I will survive;  
Because there are things I haven't done yet, places I haven't visited,  
things I haven't learned and people I haven't met,  
I will survive...

I will survive;  
So I can prove to the world that it is possible  
And faith will prevail,  
I will survive...

I will survive;  
For many reasons  
But because I am not through living yet!  
I WILL SURVIVE...
